

8 - INFORMATION ON THE NATIONAL HIGHER EDUCATION SYSTEM

Structure and Degree System

The basic structure of the Turkish National Education System consists of stages of noncompulsory pre-school education; compulsory primary (elementary and middle school) and secondary (high school) education; and higher education. Primary education begins at the age of 5.5 (66 months), lasts eight years and comprises elementary and middle school education, four years each. Secondary education is also four years and divided into two categories as "General High School Education" and "Vocational and Technical High School Education". The entry into these categories is through composite scores obtained from a centralized exam for secondary schools.

Higher education system in Turkey is managed by the Council of Higher Education (CoHE, Yükseköğretim Kurulu-YÖK) which is an autonomous public body responsible for the planning, coordination, governance and supervision of higher education within the provisions set forth in the Constitution of the Turkish Republic and the Higher Education Law. Both state and non-profit foundation universities are founded by law and subjected to the Higher Education Law and to the regulations enacted in accordance with it.

Higher education in Turkey comprises all post secondary higher education programmes, consisting of short, first, second, and third cycle degrees in terms of the terminology of the Bologna Process. The structure of Turkish higher education degrees is based on a two-tier system, except for dentistry, pharmacy, medicine and veterinary medicine programmes which have a one-tier system. The duration of these one-tier programmes is five years (300 ECTS) except for medicine which lasts six years (360 ECTS). The qualifications in these one-tier programmes are equivalent to the first cycle (bachelor's) plus second cycle (master's) degree. Undergraduate level of study consists of short cycle (associate's)-(önlisans derecesi) and first cycle (bachelor's)-(lisans derecesi) degrees which are awarded after successful completion of full-time two-year (120 ECTS) and four-year (240 ECTS) study programmes, respectively.

Graduate level of study consists of second cycle (master's)-(yüksek lisans derecesi) and third cycle (doctorate)-(doktora derecesi) degree programmes. Second cycle is divided into two sub-types named as master without thesis and master with thesis. Master programmes without thesis require 60 to 90 ECTS credits and consist of courses and a semester project. 60 ECTS non-thesis master programmes are exceptional, and exist in a few disciplines. The master programmes with a thesis require 90 to 120 ECTS credits, which consists of courses, a seminar, and a thesis. Third cycle (doctorate) degree programmes are completed having earned a minimum of 180 ECTS credits, which consists of completion of courses, passing a proficiency examination and a doctoral thesis. Specialization in medicine, accepted as equivalent to third cycle degree programmes are carried out within the faculties of medicine, university hospitals and the training hospitals operated by the Ministry of Health.

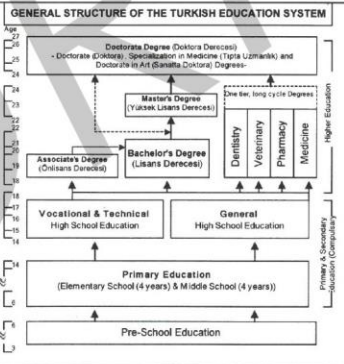

Universities consist of graduate schools (institutes) offering second cycle (master's) and third cycle (doctorate) degree programmes, faculties offering first cycle (bachelor's) degree programmes, four-year higher schools offering first cycle (bachelor's) degree programmes with a vocational emphasis and two-year vocational schools offering short cycle (associate's) degree programmes of a strictly vocational nature.

Since 2003, first cycle degree holders may apply directly to third cycle (doctorate) programmes if their performance at the first cycle degree level is exceptionally high and their national central Graduate Education Entrance Examination (ALES) score is also high and their application is approved. For these students, theoretical part of the programmes requires additional courses of 60 ECTS credits.

Admission of national students to short and first cycle degree programmes is centralized and based on a nationwide one/two-stage examination(s) conducted by an autonomous public body (Assessment, Selection and Placement Centre-ÖSYM). Candidates gain access to institutions of higher education based on their composite scores consisting of the scores on the selection examination and their high school grade point averages. Admission to graduate programmes is directly conducted by the higher education institutions (HEIs) within the frameworks of the publicly available national and institutional regulations. Admission of foreign students to programmes at all levels of higher education can be done by direct applications of candidates to HEIs based on publicly available national and institutional regulations.

The Turkish National Qualifications Framework for Higher Education (TYYG): The National Qualifications Framework for Higher Education in Turkey (TYYG) developed with reference to the EQF for European Higher Education Area and the EQF for lifelong learning was adopted by the CoHE in 2010. The framework has been developed as a part of a single national qualifications framework, which would eventually consist of 8 level national framework covering all levels of education on completion of the ongoing work at the national level, in which the higher education levels lie on levels between 5 to 8. The levels of the TYYG with reference to the European overarching qualifications frameworks as well as that to ECTS credits and student workload are shown below.

TYYG LEVELS, QUALIFICATIONS TYPES AND ECTS CREDITS					GENERAL STRUCTURE OF THE TURKISH EDUCATION SYSTEM	
Higher Education Levels/Cycles	QF, EQF, EHEA	EQF, ILL, TYVC LEVELS	AWARDS/ DEGREES	LENGTH (Year x 60 ECTS)	TOTAL ECTS CREDITS	TOTAL STUDENT WORKLOAD (h)
3	8	8	Doctorate	3 (min.)	180 (min.)	4,500-5,400
			Specialization in Medicine			
			Doctorate in Art			
2	7	7	Master's Degree	1-2	60-120	1,500-3,600
1	6	6	Bachelor's Degree	4	240	6,000-7,200
Short Cycle	5	5	Associate's Degree	2	120	3,000-3,600

BEZMIALEM VAKIF UNIVERSITY DIPLOMA SUPPLEMENT

Diploma No:

Diploma Date: 12.07.2021

Adnan Menderes Bulvarı (Vatan Cd.) Fıfth 34093
İSTANBUL - TÜRKİYE www.bezmialem.edu.tr

Tel: +90 (212) 523 22 88
Fax: +90 (212) 453 18 71

This Diploma Supplement follows the model developed by the European Commission, Council of Europe and UNESCO/CEPES. The purpose of the supplement is to provide sufficient independent data to improve the international "transparency" and fair academic and professional recognition of qualifications (diplomas, degrees, certificates etc.). It is designed to provide a description of the nature, level, context, content and status of the studies that were pursued and successfully completed by the individual named on the original qualification to which this supplement is appended. It should be free from any value judgements, equivalence statements or suggestions about recognition. Information in all eight sections should be provided. Where information is not provided, an explanation should give the reason why.

1. Information Identifying the Holder of the Qualification

- 1.1 Family Name (s) :
- 1.2 Given Name (s) :
- 1.3 Date of birth (day/month/year) :
- 1.4 Student identification number or code (if available) :

2. Information Identifying the Qualification

2.1 Name of the qualification (in original language)

Ortopedik Protez ve Ortez, Önlisans Having Successfully Completed The Prescribed Two-Year Theoretical And Practical Studies And Satisfied The Requirements Of The Orthopedic Prostheses And

2.2 Main field(s) of study for the qualification

Having Successfully Completed The Prescribed Two-Year Theoretical And Practical Studies And Satisfied The Requirements Of The Orthopedic Prostheses And Ortheses Program At Bezm-i Alem Vakif University, Has Been Awarded The Degree Of Associate Of Science With All The Rights And Privileges Thereunto Appertaining.

2.3 Name and status of awarding institution (in original language)

Bezm-i Alem Vakıf Üniversitesi, Vakıf Üniversitesi, Özel Kanunla Kurulmuş, Kar Amacı Gütmeyen, Devlet Tarafından Tanınan Vakıf Üniversitesi, Bezm-i Alem Vakıf University, Non-profit Foundation University, Foundation Supported, Public Legal Entity, Non-profit, State Recognized

2.4 Name and status of institution administering studies (in original language)

Bezm-i Alem Vakıf Üniversitesi; Vakıf Üniversitesi

2.5 Language(s) of instruction/examination: Turkish

3. Information on the Level of the Qualification

3.1 Level of Qualification

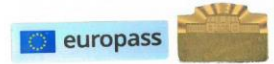

Short Cycle (Associate's Degree)

3.2 Official Length of Programme

2 years; 2 semesters per year, 14 weeks per semester.(120 ECTS)

3.3 Access Requirement(s)

- High School Diploma
- Placement through a nation-wide Student Selection Examination
- Certificate of English Proficiency

4.3 Programme details (e.g. modules or units studied) and the individual grades/marks/credits obtained:

1. Class Fall			1. Class Spring		
Course Code	Course Unit Title	ECTS Grade	Course Code	Course Unit Title	ECTS Grade
ATA 101	Ataturk's Principles and History of Revolution I	2	BB ATA122	Ataturk's Principles and History of Revolution II	2
ING 101	The English I	4	BA ING122	The English II	4
MYO101	Medical Terminology I	2	BA MYO122	Medical Terminology II	2
MYO107	Physics	2	BA MYO126	Physiology	2
MYO109	Anatomy	2	CB MYO129	Basic Information Technologies II	2
MYO110	Basic Information Technologies I	2	BB OPOST128	Summer Clinical Practice	4
OPO104	Material Information	2	BB OPO121	Introduction to Orthotics	2
OPO105	Professional Technology I	8	CB OPO125	Prosthetic Limb	2
SEC0273	Occupational Health and Safety	2	BB OPO126	Kinesiology and Biomechanics	2
SEC0196	Beyazıt Mehmet Vakıfı Sultan	2	BB OPO127	Professional Technology II	6
TDL 101	Turkish Language I	2	BA TDL122	Turkish Language II	2
Total ECTS : 30			Total ECTS : 30		

2. Class Fall			2. Class Spring		
Course Code	Course Unit Title	ECTS Grade	Course Code	Course Unit Title	ECTS Grade
MYO201	Knowledge of Disease I	2	CB MYO221	First Aid	2
MYO203	Professional Ethics	2	CB MYO222	Knowledge of Disease II	2
OPO201	Prosthetics I	6	BA MYO226	Biomechanical	2
OPO202	Orthotic I	6	BA OPO221	Prosthetics II	6
OPO203	Orthopedic Grafting Techniques	2	AA OPO202	Orthotic II	6
OPO204	Orthopedics	2	CC OPO223	Prosthesis and Orthosis Analysis	2
OPO205	Clinical Information	2	BB OPO224	Professional Practice II	6
OPO206	Professional Practice I	4	BA SEC0693	Turkish National Culture and Civilization Spring	2

Total ECTS : 30			Total ECTS : 30		

Total ECTS : 120 CGPA : 3,47 out of 4,00

All details have been provided in the transcript

4. Information on the Contents and Results Gained

4.1 Mode of Study Full Time

4.2 Programme Requirements:

A student is required to have a minimum CGPA of 2.00/4.00 and no failing grades in any courses (credit and non-credit courses).

Objectives:

It is aimed to support the development and improvement of artificial organs (prosthesis) in case of loss of organs in case of support to the body parts that need to be supported, protected and corrected in disease states, Orthopedic Prosthesis and Orthotics which have adopted scientific and scientific opinion. Graduates can work in state and private hospitals with prostheses and orthotics workshops, at universities and at their own private workshops. Artificial limb prostheses, short and long walking devices and similar auxiliary devices can take measurements themselves. Occupational staff also have the opportunity to open their own workplace. Since there is a branch that is constantly developing and renewing itself with technological development, the need for personnel in this area is increasing. In this country, graduates of this department, who will be educating about Orthopedic Prosthetics and Orthotics at the scientific level, need a lot of graduates and graduates can easily find a job.

4.4 Grading scheme and grades

For each course taken, students are given one of the following grades by the course teacher. Letter grades, grade points are given below :

Letter Grades	AA	BA	BB	CB	CC	FF
Grade Points	4,00	3,50	3,00	2,50	2,00	0
Other Grades	S: Satisfactory, U: Unsatisfactory					

Grade Point Averages:

The student's academic standing is calculated in the form of a semester GPA and cumulative GPA out of scale of 4.00. Grade point averages are calculated by the division of the sum achieved by the multiplication of the credit value of each course taken in that / in all semester(s) with the coefficient of the grade received from the course by the sum of the credit value of all courses taken in that / in all semester(s).

4.5 Overall classification of the qualification

Genel Not Ortalaması : 3,47 out of 4,00
CGPA

5. Information Identifying the Holder of the Qualification

5.1 Access to further study

May apply to first cycle programmes.

5.2 Professional status

This degree enables the holder to exercise the profession.

6. Additional Information
